

Preliminary Development Feasibility Report

Generated: 2026-08-08 | Status: validated

Generated: 2026-08-08

Status: validated

Project and Site Description

- Address: 1714 Madison Avenue, Austin, TX
- Proposed land use: Multifamily residential
- Development description: Proposed 40-unit multifamily residential development on an infill lot.
- Units: 40
- Site area (acres): 0.8
- Reported zoning: SF-3-NP (status: found)
- Floodplain intersection: False
- Watershed: Shoal Creek

Synthesis

Summary of Feasibility Considerations

Based on the provided data, here is a summary of major feasibility considerations, constraints, unknowns, and recommended next steps:

Major Feasibility Considerations:

1. ****Zoning:**** The proposed development is located in SF-3-NP zoning district, which requires compliance with specific site development regulations.
2. ****Floodplain:**** The site does not intersect with the floodplain, but it is within 1320.4 feet of the nearest floodplain boundary.
3. ****Watershed:**** The site is located in the Shoal Creek watershed, which may impact stormwater management and drainage requirements.

Constraints:

1. ****Utility Capacity:**** There is no information available on utility capacity, including water, wastewater, and electricity.
2. ****Neighboring Developments:**** There are nearby developments with similar zoning and land use, which may impact the proposed development's feasibility.

Unknowns:

1. ****Utility Availability:**** The availability of utilities, such as water, wastewater, and electricity, is unknown.
2. ****Stormwater Management:**** The stormwater management requirements for the proposed development are unclear.
3. ****Traffic Impact:**** The potential traffic impact on nearby streets is unknown.

Recommended Next Steps:

1. ****Verify Zoning Compliance:**** Verify that the proposed development complies with all zoning regulations and requirements.
2. ****Conduct Utility Surveys:**** Conduct surveys to determine the availability of utilities, including water, wastewater, and electricity.
3. ****Assess Stormwater Management:**** Assess the stormwater management requirements for the proposed development and ensure compliance.
4. ****Analyze Traffic Impact:**** Analyze the potential traffic impact on nearby streets and develop mitigation strategies if necessary.

Additional Recommendations:

1. ****Engage with Utility Providers:**** Engage with utility providers to determine their policies and procedures for new connections.
2. ****Consult with Local Authorities:**** Consult with local authorities, such as the City of Austin's Planning and Development Department, to ensure compliance with all regulations and requirements.
3. ****Conduct Environmental Assessments:**** Conduct environmental assessments to identify potential environmental impacts and develop mitigation strategies if necessary.

By following these recommendations, you can better understand the feasibility of the proposed development

and make informed decisions about its implementation.

Historical Permit and Case Context

Nearby permits and cases are historical context only. They must not be treated as evidence that the proposed development requires professional verification. [Claim removed or revised: unsupported definitive statement; professional verification required.]

Summary: {'permit_count': 20, 'site_plan_count': 0, 'plan_review_count': 20}

Potential Constraints

- No major constraint labeled from available screening data; professional verification is still required.

Missing Information and Required Verification

- Verification required (zoning): Preliminary reported zoning was retrieved from Open Data and requires official verification.
- Verification required (historical_context): Nearby permits and cases are historical context only and must not be treated as approval precedent.
